RE: Intergy; EHR; Practice Analytics; Practice Portal (v.9)

Dear Ms. Wing:

NCQA would like to congratulate Vitera Healthcare Solutions on developing the Intergy, EHR, Practice Analytics and Practice Portal solutions which have been awarded a total of 17.75 points in PCMH 2011 Autocredit. As of 11/27/2013, Vitera client practices utilizing the above listed products may benefit from reduced documentation and have scoring associated with awarded Autocredit applied to their total PCMH 2011 Survey score. This is contingent upon the eligible practice or practice group and Vitera Healthcare Solutions meeting the requirements outlined in the attached PCMH 2011 Prevalidation Step-by-Step Guide for Client Practices and Participating Vendors.

The documents accompanying this letter include: NCQA's PCMH 2011 Prevalidation Summary Approval Table; Program Marketing & Advertising Guidelines; PCMH 2011 Prevalidation Program Step-by-Step Guide. **It is essential that you read all documents thoroughly.**

Vitera Healthcare Solutions will be listed on NCQA's PCMH Prevalidation Program webpage. Visitors to the site will be directed to pcmh@viterahealthcare.com to receive additional product related information.

Below is a summary of the Autocredit awarded across all reviewed modules. Included is the associated attestation language required for eligible practices to enter into their PCMH ISS Tool in order for awarded Autocredit to be applied to the total score of the practice's PCMH 2011 Survey.
